

2026 iPeople Chairman's Prize for AI

Rethinking the Design of Universities in the Era of AI

As part of the iPeople Strategy Summit, we are pleased to announce the 2026 iPeople Chairman's Prize for AI, a showcase of how artificial intelligence is being applied across our institutions to improve teaching, learning, administration, research, student services, and organizational effectiveness.

Awards

- **First Prize** – PHP 10,000
- **Second Prize** – PHP 5,000

Eligibility

Entries may come from any iPeople institution or business unit, and the competition is open to all members of the iPeople community, including:

- Students
- Faculty
- Staff

Submission Requirements

Participants are invited to submit a short written entry describing an AI use case that they have implemented or deployed.

The submission should include:

1. **Description of the AI Use Case**
 - What problem, challenge, or opportunity was addressed?
2. **Reason for Deploying AI**
 - Why was AI selected as a solution?
3. **AI Tool(s) Used**
 - Identify the platform, application, or technology utilized.

4. Effort and Implementation

- Describe the process, learning, training, experimentation, or resources invested in using the tool.

5. Results and Impact

- What outcomes were achieved?
- How did the use of AI improve efficiency, effectiveness, quality, or user experience?

6. Additional Insights

- Any lessons learned, recommendations, challenges encountered, or future plans for scaling the initiative.

Submission Deadline

June 25, Thursday, 5:00 PM

Please submit entries via email to:

MarkAbalos@ipeople.com.ph and DianaGo@ipeople.com.ph

Judging

All entries will be evaluated by the AI Task Force Members (Derrick Latreille, Marlon Sejera, and Mark Sy).

The decision of the judges shall be final.

We encourage all members of the iPeople community to share their innovations and demonstrate how AI is helping reimagine the future of education.

Judging Criteria

Criteria	Weight
Impact and Results – Demonstrated improvement in learning, teaching, operations, productivity, student experience, or organizational outcomes	40%
Innovation and Creativity – Novel and thoughtful application of AI to address a real problem or opportunity	25%

Alignment to the Theme – Contribution to <i>Rethinking the Design of Universities in the Era of AI</i>	20%
Implementation Effort – Evidence of initiative, experimentation, learning, and effective deployment of the AI tool	10%
Quality of Presentation – Clarity, organization, and completeness of the submission	5%
TOTAL	100%

Additional Notes

- The use case may involve teaching, learning, research, administration, student services, employability, workforce development, marketing, or any other university-related function.
- Entries should describe actual implementation rather than hypothetical ideas.
- The judges reserve the right not to award a prize if submissions do not meet the expected standard of quality and impact.
- Winners will be notified by Monday, June 29, 2026.
